PROFESSIONAL SUMMARY

Computer Engineering student focused on full-stack development and software engineering, with hands-on experience building responsive applications and secure APIs. Passionate about clean code and solving real-world problems through practical projects. Seeking an internship or campus placement to contribute to a professional engineering team.

TECHNICAL SKILLS

Programming: Java, C, JavaScript
Frontend: HTML, CSS, React.js
Backend: Node.js, Express.js, PHP
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Postman, MongoDB Compass
Concepts: REST APIs, JWT Authentication, Responsive Design, State Management

EXPERIENCE

Web Development & Cloud Integration Intern | SkillDzire June 2026

- Completed a 15-day internship focused on full-stack web development and cloud integration.
- Built a secure Weather Forecast System using React.js, Node.js, Express.js, MongoDB, JWT, Google OAuth, Redis, GraphQL, and REST APIs.
- Integrated OpenWeather and Twilio APIs, implementing caching, authentication, and scheduled tasks with Cron Jobs.

PROJECTS

Weather Forecast System
React.js, Node.js, Express.js, MongoDB, JWT, Google OAuth, Redis, GraphQL, Twilio API, OpenWeather API

- Developed a secure, full-stack weather application with authentication and REST APIs.
- Integrated OpenWeather API, Redis caching, GraphQL, Twilio SMS alerts, and Cron Jobs for real-time updates.

CareerPath – Career Recommendations and Learning Platform
React.js, Node.js, Express.js, MongoDB

- Built a full-stack career guidance platform with skill assessment, skill-gap analysis, career recommendations, and personalized learning roadmaps.
- Implemented course exploration & comparison, interview preparation, resume/GitHub/portfolio analyzers, authentication, and dashboard features.

Course Comparator Platform
HTML, CSS, JavaScript

- Built a platform for comparing courses and displaying detailed course information.
- Implemented search and filtering functionality to help users evaluate and select courses.

Inventory Management System
PHP, MySQL, HTML, CSS, JavaScript

- Developed a web-based system for tracking IT assets and stock across daily inventory operations.
- Implemented secure CRUD functionality and operational reporting.

EDUCATION

B.Tech in Computer Engineering Government Engineering College, Modasa (GTU)	2023–2027 CGPA: 8.15
Higher Secondary Certificate K.N. Shah Modasa High School	2022–2023 Percentile: 88.81
Secondary School Certificate K.N. Shah Modasa High School	2020–2021 Percentile: 93.65

CERTIFICATIONS

- Web Development & Cloud Integration – SkillDzire (2026)
- TCS iON Career Edge – AI Foundation
- Introduction to MERN Stack – Simplilearn | SkillUp
- Microsoft Learn Student Ambassadors: Web Development Fundamentals (2024)
- Microsoft Certified: Azure AI Fundamentals (2024)
